

**STRONGER TURF  
STARTS BENEATH  
THE SURFACE.**

# C-SUITE® CSA

EXECUTIVE LEVEL BIOLOGY

**HEALTHIER SOIL.  
STRONGER ROOTS.  
BETTER TURF.**

## RightLine Research Results

**Treatment program to improve turf quality and recovery in turf infested with nematodes**

**Turf quality through Jul 8**

| Code | Treatment              | Rate                    | Applications | Weeks       |
|------|------------------------|-------------------------|--------------|-------------|
| U    | Untreated              | -                       | -            | -           |
| A    | Nemamectin®            | 12.2 fl oz/A            | 4            | 0, 4, 8, 12 |
| B    | Nemamectin® + C-Suite® | 12.2 fl oz/A + 4.4 oz/A | 4            | 0, 4, 8, 12 |
| C    | C-Suite®               | 4.4 oz/A                | 4            | 0, 4, 8, 12 |
| D    | Resilia®               | 4 fl oz/1,000 ft²       | 4            | 0, 4, 8, 12 |

### THE PROBLEM

**Insect, Disease, Nematodes, and Other Stress Damage**

Insects, disease, nematodes, and other stresses can reduce turf quality, leaving behind thin, weak areas.

### THE SOLUTION

**Recovery with C-SUITE® CSA**

C-SUITE® CSA restores soil balance and supports strong root growth for thick, healthy turf.

### WHY PROFESSIONALS USE C-SUITE® CSA

Targets damage from insects, disease, nematodes and other stresses

Manufactured by industry experts

A biological consortia approach instead of single strain biology

Food for biology included in formulation

Dry formulation designed for storage stability

Novel product for the turf industry

No waiting! Add it. Mix it. Spray it.

University tested

### CONTAINS BENEFICIAL SUBSTANCES

|                              |                              |
|------------------------------|------------------------------|
| <i>Beauveria Bassiana</i>    | 2.36 x 10 <sup>8</sup> cfu/g |
| <i>Trichoderma Harzianum</i> | 1.03 x 10 <sup>8</sup> cfu/g |
| <i>Trichoderma Viride</i>    | 1.03 x 10 <sup>8</sup> cfu/g |
